Op p. 63 van *Why there has to be a private language* schrijft Fodor:

Nevertheless, I shall not bother running through the standard objections since it seems that to me that if anything is clear is that understanding a word (predicate, sentence, language) isn't a matter of how one behaves or how one is disposed to behave.

Bespreek in niet meer dan 250 woorden *studievraag 4* in het licht van dit citaat.
